AUGUST 16TH AND  
AUGUST 31ST.

## UPCOMING

HEALTH AND  
SAFETY MEETING  
Aug 9th/ Sept 13th  
2023 at 1:30 PM.

RPAC MEETING  
Aug 16th/ Sept 20th  
2023 at 2:00 PM

## ON SPOTLIGHT

### TODD

Todd joined ICE in 2018. He is a very independent person who is easy going, polite and kind. Todd is an adviser and advocate for riders on the PARDS (Peace Area Riding for the Disabled Society) executive board. PARDS uses equine therapy to help people feel healthy and strong. Todd is a very social person and has made many friends over the years. He always meets people he knows when he is out in the community. Sometimes his conversations with friends make his trips to the mall a little longer, but he knows this and plans for it. Todd has a great memory and can tell you many important dates, such as when he joined ICE!

Todd spends a lot of time with his family and they meet up for dinner once a week. Last year, Todd went on an Alaskan cruise with his family. He said one of the highlights was being able to go on the Ketchikan Duck tour. This included riding on a vehicle that travelled on land and into the water. What an experience! Todd stated that another interesting part of the trip was to be able to ride a streetcar through the streets of Skagway. Todd met so many new friends while sailing on the sea!

Todd's hours as a housekeeper with a motel were reduced during the pandemic, working only once a week. Todd, with supports from his staff, worked very hard to find a new job. He recently started working at a restaurant as a dishwasher and kitchen help. Todd is really enjoying his new job and he uses the Handi-bus as his means to get to and from his job.

Todd's staff, Melody, helps Todd with his daily living skills and they enjoy going to the Coffee Club at the library, attending appointments or walking on the track at the Eastlink Centre. Todd's favorite pastime is to hang out and people watch at a few of his favorite place such as Subway, or to enjoy a Caramel Ribbon Crunch from Starbucks.

Todd's plans for the future include going on a holiday to Duncan BC to visit his uncle, and to travel to Edmonton to visit family and friends. He is also looking into getting a tattoo! He is still trying to decide what he would like to get.

### MELODY

Melody started working with ICE just about a year ago and has worked in various positions. Melody is light hearted and really enjoys finding the positive in most scenarios. She is very adaptable and willing to try new things. Melody and Todd have a great relationship and she truly enjoys supporting Todd. Melody often uses humor as a motivator and this compliments Todd's personality very well.

Together they do meal planning for the week, preparing healthy meals and grocery shopping.. They have developed and set a routine for Todd to clean his apartment and continuously keep it neat and tidy! Melody also helped Todd secure his current employment at the restaurant and she continues to support him as he is learning his new role.

## ICE HAS CANADA LIFE RSP PLAN!

Refer to Policy 3.14.18 CANADALIFE RSP if you are eligible, ICE  
will match your contributions! To sign up, please contact  
Independent Counselling Enterprises at: 780-453-9664. For more  
information about Canada Life: <https://my.canadalife.com/sign-in>  
CANADA LIFE Helpdesk: 1-800-724-3402

Assistance Team for that day.

780.461.7236

## POLICY REVIEW

\*(Please note that selected sections of ICE Policy 2.4.1 are reproduced here. Please refer to the Policy Manual for the complete policy).

### **2.4.1 GUIDELINES FOR PLANNING ACTIVITIES**

1. Independent Counselling Enterprises activities are planned to be effective, as well as safe, in their operation.
2. General guidelines apply in planning activities:
  - Involve the client in planning activities;
  - Consider the client's abilities and interests in relation to the activity;
  - Consider the client's likely level of safety and well-being while participating in the activity;
  - Determine the relationship of the activity to the client's cultural and religious choice;
  - Ensure the activity fits in with other scheduled activities and daily routines;
  - Ensure activities are developmentally appropriate;
  - Plan the activity in incremental steps (i.e. putting, then driving range, then pitch and putt, then golfing) to enhance skill acquisition;
  - Address safety concerns (i.e.: proper equipment, facilities, etc.). Any adaptive equipment used by the client must be consistently and appropriately used during activities;
  - Arrange an appropriate meeting place. Have phone numbers and other information available ahead of time;
  - All group activities require supervisor review and approval before they take place;
  - In the event of an emergency (i.e., accident or injury) employees are to ensure they have all emergency contact names/phone numbers including their supervisor and ECAT/911 to call for immediate assistance (see Policy 2.7.3 Critical and General Incidents and Policy 3.3.6 Employee and Client Assistance Team (ECAT) Supervision
3. Aquatic activities must include the following precautions:
  - The presence of a certified lifeguard. Employees are to use public swimming facilities where qualified staff are available;
  - Use of a safety floatation jacket by all participants in a raft, boat or canoe;
  - Constant and direct supervision of clients during all activities around water.
4. Overnight trips are not to be planned for any client unless the employee/SHO receives approval from their supervisor.

## THANK YOU CARD WINNERS

### Anxiety/Depression Training

September 25, 2023 (1:30 PM- 3:30 PM)

## HURT AT WORK?

Employees and Support Home Operators are reminded of their responsibility (as per legislation) to report all workplace injuries immediately to an ICE supervisor or manager. In the event of an injury, the employee will follow all agency policies and procedures.

While not all injuries are reportable to WCB, all injuries and work-related health concerns are required to be reported within the company. This is done so that health and safety investigation and follow-up may be completed for the safety of all parties.

## REFERRAL INCENTIVE RECIPIENT

Employees or Support Home Operators who refer a person to ICE who successfully meets our hiring requirements and completes their three-month probation with a minimum of 120 hours worked, receive \$100.00!

## EXCITING CET ACCREDITATION NEWS!!

### *What is CET?*

**CET Accreditation – Creating Excellence Together – is a way to evaluate our service to ensure we are meeting the very highest standards of care.**

### *What happens in CET Accreditation?*

**CET Accreditation – Creating Excellence Together – is a way to evaluate our service to ensure we are meeting the very highest standards of care.**

**In June, ICE successfully completed the CET Accreditation survey, along with the surveys for Complex Needs and Respite! We are now waiting on the reports. The feedback was really positive .**

## *Good job team!*

### WHAT IS A HEALTH AND SAFETY COMMITTEE?

Though many staff have been informed of the Health and Safety Committee at ICE, the question may still remain. What is a Health and Safety Committee, and what exactly do they do?

As defined in the ICE Health and Safety Committee mandate; " a Health and Safety Committee (HSC) is a group of worker and employer representatives working together to identify and solve health and safety concerns at the work site as well as promote awareness and interest in Health and Safety."

The HSC participates in many distinct aspects of safety for all ICE employees. Some of these items include the following:

- Receipt, consideration and disposition of health and safety concerns and complaints with respect to the health and safety of workers.
- Participate in the review and assessment of the HACD.
- Assist in the development and promotion of programs for health and safety education and information and to provide feedback regarding agency training courses.
- Develop and promote measures that protect the health and safety of persons at the worksite and to evaluate the effectiveness of the measures.
- Participate in investigations of serious health & safety injuries, illnesses, incidents, and near misses.
- Conduct and review agency inspections.
- Review and suggest recommendations for change in regard to ICE policies.

**For more information, see Policy 3.5.3 Health and Safety Committee, or speak to your Health and Safety representative.**

# 2023 Master Hazard Assessment & Control Document

According to OHS Legislation, all workers have the right to be informed of workplace hazards and the means to eliminate or control those hazards. A way to be involved in identifying hazards in your workplace is by being involved in the updates to the site-specific hazard assessment. These updates share information with your coworkers about the hazards in their workspace and how to mitigate them.

Some examples of hazards are:

- Updates to client protocols, medical or behaviours.
- Environmental conditions including icy or damaged walkways.
- Equipment that may be broken.
- Lack of workplace ergonomics

The Hazard Assessment and Control Document is a living document and can be updated by anyone.

**A few ways that you can revise this document are:**

- Participation in monthly team meetings.
- Addressing hazards by updating the site-specific sections of the HACD.
- Speaking with your supervisor or manager about hazards in the workplace.

**Non-Residential staff can review and provide suggestions for this document in the reception area of your closest office, or by calling your supervisor.**

**Residential teams will review and complete the site-specific portion of the HACD. The 2023 Hazard Assessment & Control Document must be completed no later than September 30, 2023.**

**A copy of the HACD can be found in the front section of the Health & Safety Manual. The Health and Safety Manuals are in all residential programs, in every supervisor's office and in the reception area of all ICE offices.**

IN LOVING  
*memory of*

## GENEVE FAUSAK

IT IS WITH HEAVY HEARTS THAT WE ANNOUNCE THE PASSING OF OUR FORMER PRESIDENT, GENEVE FAUSAK. GENEVE RECENTLY RETIRED FROM A CHALLENGING YET REWARDING LIFE OF WORK, LEAVING AN INDELIBLE MARK ON HER INDUSTRY AND A LEGACY OF CARE AND SUPPORT. OUR LIVES WILL BE EMPTIER WITHOUT HER SHARP WIT, COMPASSION, AND SENSE OF HUMOR. GENEVE TOUCHED AN INCREDIBLE NUMBER OF LIVES THROUGH ICE, HELPING COUNTLESS PEOPLE WHO HAD BEEN IMPACTED BY DISABILITY. SHE SUCCESSFULLY COMBINED CARING WITH BUSINESS ACUITY, EMPLOYING HUNDREDS IN THIS FIELD.

GENEVE BEGAN WORK AT ICE IN APRIL 1996. SHE STAYED WITH THE COMPANY FOR 27 YEARS, THE LONG TIME CHIEF OPERATING OFFICER AND THEN OWNER/PRESIDENT.

GENEVE WAS INCREDIBLY PROUD OF THE COMPANY AND THE WORK DONE. GENEVE REMAINS THE GOLD STANDARD OF DECISION MAKING AT ICE, AND WE WILL WORK HARD TO ENSURE HER LEGACY ENDURES THERE.

# Prevent the spread of COVID-19

- ✓ **Wash your hands frequently**

---
- ✓ **Avoid touching your eyes, nose and mouth**

---
- ✓ **Cover your cough using the bend of your elbow or a tissue**

---
- ✓ **Avoid crowded places and close contact with anyone that has fever or cough**

---
- ✓ **Stay at home if you feel unwell**

---
- ✓ **If you have a fever, cough and difficulty breathing, seek medical care early – but call 811 first or use the self-assessment tool**

---
- ✓ **Get vaccinated!**

---
